

DON'T HAVE TIME TO WAIT?

At Reef we understand the stresses involved with building or renovating. That even the best laid plans can sometimes come undone. So we have developed **REEF RAPID** and the **REEF Grab N Go** Tile Upstand kits. Two unique REEF features designed to keep your project on track and under budget.

REEF GRAB N GO TILE UPSTAND KITS

Rather than waiting days for a custom made channel. You can now save time and money by quickly attaching the **Grab N Go** kits to any **Reef Original Series Channel tray**. We have ready made kits to suit any configuration you can think of. Simply select from the list on the right.

CONFIGURATION		REEF CODE	TILE UPSTAND SIZE
	REAR	7057.60S	600mm rear
		7057.90S	900mm rear
		7057.10S	1000mm rear
		7057.12S	1200mm rear
	REAR AND LEFT	7057.60L	600mm rear left
		7057.90L	900mm rear left
		7057.10L	1000mm rear left
		7057.12L	1200mm rear left
	REAR AND RIGHT	7057.60R	600mm rear right

	THREE SIDES	7057.603S	600mm three sides
		7057.903S	900mm three sides
		7057.103S	1000mm three sides
		7057.123S	1200mm three sides
	ONE END ONLY	7057.END	End to suit all

TO SUIT ORIGINAL CHANNEL ONLY (Not suitable for Leveque, Mirror or Metallic finish)

REEF RAPID CUSTOM LOCATED OUTLETS

Now available in our standard sized original series channels of 600mm through to 1200mm, within just three working days!

So if all you need is a custom located outlet and not a custom made length, simply add RR for **Reef Rapid** onto the front of the product code. Then let us know whether you want a 50 or 80mm diameter outlet, plus the location by giving us the measurements B&C below....

Finish your project sooner and Combine **Reef Rapid** with **Reef Grab N Go**, no hold ups or delays - Guaranteed.
